

F9200 Floor Lamp Base Assembly

Companion II 58" Floor Lamp — Base Assembly Instructions

F9200 Floor Lamp Assembly Includes:

- 1) Painted Base Cover
- 2) Base Weight
- 3) Bolt & Washer Hardware

New diamond washer for base weight

*Note: 3/4" wrench or socket required for assembly

Step 1

Unpack Floor Lamp Column, place on flat surface.

Step 3

Line up Base cover and Base weight with column.

Step 2

Unpack Base cover, Base weight and Bolt & washer hardware.

Step 4

Base weight should have slotted/recessed hole facing out.

I F9200 Floor Lamp Base — Continued

Step 5

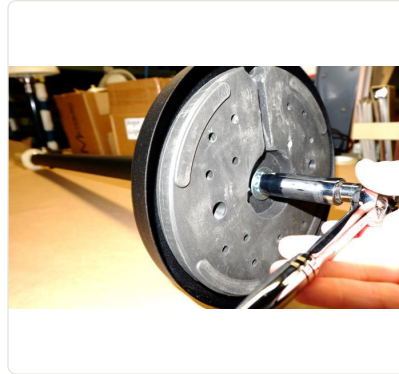

Place Bolt & Washer Assembly through hole in Base Weight and hand tighten into bottom of Floor Lamp Column.

Step 6

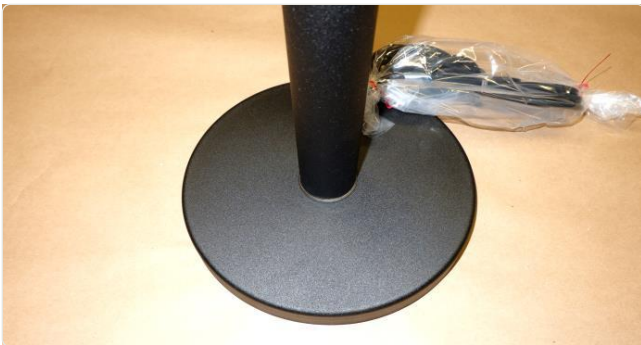

Firmly tighten Bolt with 3/4" wrench.

With new diamond washer, must tighten bolt until tabs are compressed.

Done

Floor Lamp Assembly Complete.

See Lamp Shade Assembly Instructions for completion.
